

## Certificate of Compliance

September 13, 2010

**SUBJECT: European Union Directive 2002/95/EC**  
**PRODUCT: Norprene® A-60-G**

Saint-Gobain Performance Plastics Corporation hereby certifies that parts manufactured from Norprene® A-60-G are in compliance with the relevant heavy metals and flame retardant requirements of the following regulations:

- EU 2002/95/EC Directive on Restriction of the use of certain hazardous substances in electrical and electronic equipment (Article 4 - Prevention), as amended up to the Commission decision 2009/443/EC of 10 June 2009.
- China SJ/T 11363-2006 (Requirements for concentration limits for certain hazardous substances in electronic information products) Article 4- Requirement.

The concentrations of the following heavy metals (lead, cadmium, mercury & hexavalent chromium) and flame retardants [polybrominated biphenyls (PBBs) & polybrominated diphenyl ethers (PBDEs)] in this product do not exceed 0.1% by weight for lead, mercury, hexavalent chromium, PBBs, & PBDEs and 0.01% by weight for cadmium. Trace levels of these substances may be present resulting from the specific characteristics of the raw materials and/or of the manufacturing process.

Additionally, none of the currently listed RoHS exemptions are used in the manufacture of this product.

Sincerely,

Saint-Gobain Performance Plastics  
Mickleton, NJ
