

## 30W 高稳定卤素灯(30W High Stability Tungsten-Halogen Light Source)

型号： ASB-W-030

产品简介：ASB-W-030 是一个 300-2600nm 的紧凑型卤钨灯，优化设计使得最高的功率应用于 CM 和 DK 系列单色仪，3100°K 色温下可工作 400 小时。

Feature	Value
Lamp:	Type: Tungsten-halogen Filament size: 1mm x 4mm Power input: 30 Watts (nominal) Light Output: 800 lumens (nominal) Current: 2.75 amp (nominal) Color Temperature: 3100°K Average Life: 400 hours (nominal) Spectral distribution: <a href="#">near blackbody</a>
Mount:	Tapered flange, adjustable, Post mounting for standalone operation
Housing:	Air cooled with focusable fused silica doublet collection lens, f/1.9 collection and f/3.9 output. ( <a href="#">lamp cross section</a> )
Power Input:	115 VAC, 50/60 Hz, 1 amp (standard) 220 VAC, 50/60 Hz, 0.5 amp (optional)
Power Output:	Type: constant current DC Range: 2.0 amp to 3.5 amp Regulation: 0.05%
Warranty:	One year
Options:	Spare lamp ASB-W-030B AF Series for remote fiber optic illumination.
