

**中科美菱**

DW-FL362

**-40°C**

-40°C Freezer

## 产品主要特点:

### 精确的温度控制:

采用微电脑精确控制器, 温度-10℃~-40℃自由设定;  
大屏液晶显示, 随时掌握运行状态。

### 安全的控制系统:

键盘锁定和密码保护功能, 防止随意调整运行参数;  
超温报警功能, 传感器故障报警功能, 报警方式: 声光报警;  
开机延时, 停机间隔等保护功能, 确保运行可靠;

### 独特的制冷系统:

采用国际名牌高效压缩机;  
国际名牌依必安风机电机;  
110mm超厚保温层, 保温效果好。

### 人性化设计:

高雅的橘面塑料喷涂;  
安全门锁设计, 防止随意开启;

## 技术参数:

型号	总有效容积 (L)	存储温度 (℃)	输入功率 (W)	外形尺寸 (mm)	气候类型	制冷方式	重量 (kg)
DW-FL362	362	-10℃~-40℃	400	930x731x1627	N	直冷	102

产品数据更改恕不另行通知, 请以产品铭牌和说明书为准

DW-FL362  
(-40℃)

## Main characteristics of the product:

### Accurate temperature controlling:

The accurate computerized temperature controller and the temperature ranging from -10℃ to -40℃ can be set freely;  
The temperature is shown digitally, and the running state is clear at anytime.

### Safe controlling system:

There are functions to lock keyboard and to keep code, so as to prevent running parameter from being changed randomly;  
There is a function for warning abnormally high and low temperature, Sensors fault alarm function, Perfect sound-light warning system;  
There are functions such as delaying start, and stop interval, so to ensure reliable running;

### Unique refrigerating system:

The high-efficiency compressor with internationally famous brand  
German fan electromotor with internationally famous brand of Ebm is used.  
110mm of insulation course has good temperature-conserving effect.

### Humanized designing:

Elegant orange plastic coating;  
The safety lock can prevent random opening;

## Technical parameters:

Model	Total effective volume (L)	Storing temperature (℃)	Input Power (W)	Outer size (depth, width, height) (mm)	Climatic type	Refrigerating system	Weight (kg)
DW-FL362	362	-10℃~-40℃	400	930x731x1627	N	Direct Refrigeration	102

Change of the product data might be made without notice, please follow the nameplate and instructions of the product.
